

The AIR RIDE PALLET line from Novo Foam is the latest innovation in design, materials and pallet performance. Our patent pending technology, combines strength and performance with lightweight construction providing the longest list of desired attributes of any pallet on the market today.

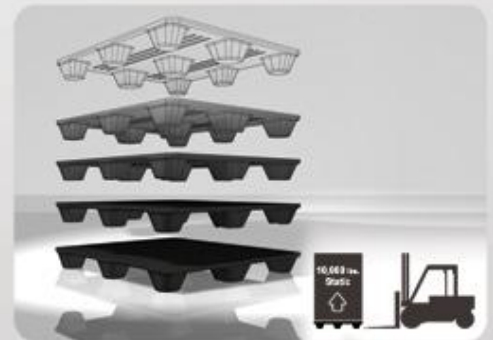

## Less Weight

## More Freight

### High Performance Properties

- ▶ Cost Effective / Immediate ROI
- ▶ Durable
- ▶ Insulating
- ▶ Meets ISPM 15 requirements
- ▶ Lightweight
- ▶ Hygienic
- ▶ Shock Resistant
- ▶ Recyclable

### PS 60 TL EXPORT PALLET

The combination of engineered polystyrene, our patent pending Inovo process and an innovative new design produces our lightest and lowest cost pallet. Weighing only 6.6 lbs, the PS 60 accommodates loads up to 1500 lbs while delivering immediate value through freight cost reduction and improved performance. It pays to ship with the PS 60 TL!

**Less Weight    More Freight**

## Value Properties

The Air Ride Pallet line provides more value properties, reaching more industries than any other pallet.

Property	Value	Industry
Cost Effective	Competitive pricing - improved properties - immediate ROI	ALL
Light Weight	Less weight / more freight - freight cost reduction - fuel savings	ALL
Ergonomic	Safe, light, easy to handle	ALL
Durable	Added turns = added value, lower rate of failure, reduced product damage	ALL
Pest Resistant	Complies with ISPM 15 regulations	Export
4 Way Entry	Ease of handling, accomodates up 10" wide pallet jacks	ALL
Sanitary	Sealed, washable, moisture resistant	Food, Pharma
Shock Resistant	Reduces damage, protects load	High Tech
Recyclable	Environmentally friendly	ALL
Insulating	Reduces spoilage, eliminates bottom wrap	ALL
RFID	RFID signal compatible, tags can be embedded under skin, does not absorb reader energy	Retail/ High tech

## Industry Comparison

Property	Softwood	Hardwood	Light Duty Plastic	Medium Duty Plastic	Heavy Duty Plastic	Air Ride
Cost						
ROI (value)						
Weight						
Durable						
Strength to Weight						
Thermal						
Shock Resistant						
Solid Deck						
Environmentally Freindly						
Nestable						

## PS 60TL Export Pallet Specifications

Model	Length	Width	Height	Weight	Entry	Entry Height	Max Fork	Static Load	Dynamic Load
PS 60TL	48"	40"	4.75"	6.6 lbs	4 way	3.75"	10.5"	10000 lbs	1500 lbs
